TASTING NOTES

2015 Beckstoffer Missouri Hopper Cabernet Sauvignon

125 cases

Kirk Venge's Notes

Originally planted to vines in 1877, the Beckstoffer Missouri Hopper Vineyard soil consists of a well-drained, moderately deep gravelly bale loam, which is perfect for growing intense, dark, yet surprisingly elegant and beautiful Cabernet Sauvignon. We offer this bottle as a continued testament to the high standards of excellence in viticulture practiced by the Beckstoffer family and to the rich heritage of this historic Napa Valley vineyard.
